DETAILED ACTION

1. This communication is in response to the interview conducted on August 6, 2003, between Examiner and Applicant. As a result of the interview, Examiner has withdrawn all rejections of claims 1-3, 7-10, and 12. Claims 1-3, 7-10, and 12 are currently pending.

Summary of Office Action

2. Claims 1-3, 7-10, and 12 are allowed.

Allowable Subject Matter

3. The following is a statement of reasons for allowance for all claims: The most pertinent prior art of record, the DeFrancesco and Bennett references, fail to teach a method for electronic credit/loan application processing for a user at a vehicle retail location comprising automatically transmitting collected vehicle licensing information to an appropriate licensing agency to facilitate licensing of the vehicle, as described in Applicant's specification, page 8 line 22 – page 9 line 5.

Updated searches revealed no references that disclosed the claimed inventions, nor were any secondary references combined that could be reasonably combined with DeFrancesco or Bennett.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The Edmonson reference is cited for its disclosure of an interconnection between automobile financing and vehicle registration.
